

<b>PRODUCT:</b>	<b>Dahua Record Schedule</b>
<b>ITEM CODE:</b>	

**Introduction**

This guide has been formulated to assist with setting recording schedule on Dahua recorder.

1. Right click, login to recorder.
2. Main Menu > Storage > Schedule
3. Select Channel number.
4. Select which type of recording by clicking relevant coloured box.

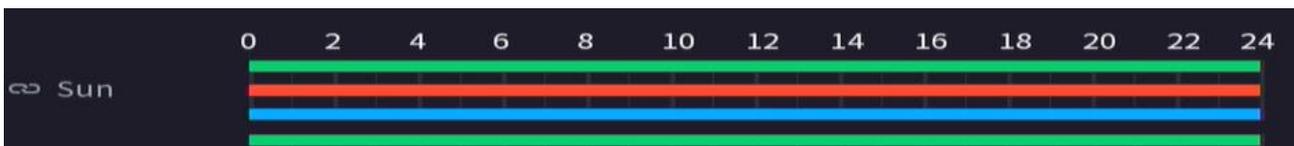

- General = Constant recording
- Motion = Record when basic motion detection is triggered.
- Alarm = Record when alarm connection on back of recorder is triggered.
- M&A = Record when an alarm and motion detection is triggered.
- Intelligent = Record when intelligence is triggered (IVS, People counting etc)

5. Click the "All" icon so the symbol changes to select all days.

6. Use left mouse button to select part of the timeline you wish to record.

7. Click "Apply" to save changes.
